Subject: ZBA Meeting Tonight
Date: Thursday, June 20, 2024 1:41:31 PM

Hello Mr. Antonellis,

I am Meghan LaCasse at 6 School Street, an abutter for the 147 Main project, and as I was reviewing the paperwork for tonight's meeting, I realized that in the memo entitled " Memo 147 Main Supplemental Communications with Neighbors and Project Modifications 6/7/24", some of the discussed communications between Lobisser, Pyne, and my husband and I were not reflected in the memo. Therefore, I would like to add the following to the record:

-

Memo 147 Main Supplemental Communications with Neighbors and Project Modifications 6/7/24

The memo currently states: "And began discussions on potential additional screening alternatives along with creating some swales and filling in an existing depression to better drain the LaCasse property." Daniel and Meghan LaCasse would like to add the following to the document: Lobisser and Pyne also discussed replacing the four foot picket style fencing along the property adjacent to the proposed building site with 6 foot white privacy fencing (similar to that already running along the property line between 6 and 10 School Street) and planting a row of arborvitae's in front of the new fencing to allow for improved privacy of the backyard from the view of the building's upper stories. It was also discussed that the current small area allowed for compost/yard waste be continued to be used by the LaCasse family.

-end-

My husband and I will be attending the meeting virtually tonight, and if there is anything more we can do to assure that this goes on record, please let me know, and we will do all we can to assure it happens.

Best and stay cool,

Meghan LaCasse
