Subject: Follow-up to ZBA Meeting 10/18/2023
Date: Wednesday, October 18, 2023 9:57:43 PM

Hello Michael,

At tonight's meeting there were several references to a letter of concerns submitted by the Conservation Commission. I could not find it posted on their website page. I am very interested in the specific concerns contained in that letter since my wife and I were participants at the CC meeting on 9/27/2023.

I also requested at that meeting a detailed overlay map showing the specific distances of the proposed road to the wetlands areas.

Will this information be posted on the Upton website soon? It will be helpful information as we go forward with the ZBA hearings on 0 Main St.

Thank-you,
Pat Hurley
