

## TOWN OF UPTON, MASSACHUSETTS

---

### DEPARTMENT OF PUBLIC WORKS

# Hydrant Flushing Starts Monday, September 22, 2025

***Please check your water before using it when flushing is taking place in and around your neighborhood. If the water is discolored, run a faucet until the water is clear. We recommend using an outdoor or bathtub faucet. Discolored water is safe to use but could stain laundry.***

The planned flushing schedule is shown below but it could change because of unforeseen events or because of weather.

Flushing will take place between 7:00 a.m. and 3:30 p.m.
